	■ Exceptions in Fiss

The Ladisabfahrt, Poschiabfahrt and Winklabbahrt slopes are accessible daily from as early as 8.30am, the Möseralm and Winklabbahrt slopes are open for night skiing from 5.45pm to 10.00pm. During the toboggan evening, the tobogganing run is open for tobogganing from 5.45pm to 9.30pm.

On Wednesdays the pistes may be used by "First Track" participants from 7.30am.

Piste maintenance and snow-grooming vehicles with winch cables

We occasionally need to deploy piste maintenance machines on the slopes when they are still being used by skiers. Please ensure you keep a safe distance from such machines in the interests of your own safety. Please heed acoustic and visual warning signals at all times! After pistes close at the end of the day winch cables from piste maintenance devices present a potential hazard. The cable car operators accept no liability for accidents! Please note that in the case of persistent snowfall, groomed slopes may once again become snowed over prior to opening so that they may not always be completely frozen. As a result, moguls and piles of snow may form shortly after the ski slopes are in use.

Closure of pistes and avalanche blasting

For safety reasons, avalanche blasting may take place if large amounts of fresh snow have fallen. Detonations usually take place in the early hours before the start of regular ski operations. If there is a particularly large volume of new snow, avalanche blasting may also have to take place while the slopes are being used by skiers. The affected areas are then closed for skiing! Watch out for information at stations and terminals!

Backcountry skiing

If you intend to go skiing outside the secured area you are advised in the interests of your own safety to find out about the risk of avalanches, any planned avalanche blasting and weather conditions from the cable car operators. Various piste tours from the bottom stations are signposted in the ski resort.

Tobogganing

Please do not use the ski slopes. Use the tobogganing run or the signposted tobogganing slopes.

Skilling accidents

Please report the type and location of the accident to the nearest cable car station or terminal, or contact the mountain rescue services directly.

returnable deposit of € 2.00. Your deposit will be returned to you when you surrender your undamaged KeyCard once your ski pass is no longer valid, or you can keep your KeyCard and use it the next time you buy a ski pass in Serfaus-Fiss-Ladis.

Young Family ticket

Our offer for parents with small children under three years of age. The young family ticket is available for bookings of 3 days or more (no season tickets) at adult price. They are only available at the cable car ticket offices. Parents will be able to take turns to skiing in the resort. Please note that ski ticket pick-up is only possible in the valley, as a valid ski pass is required for the ascent to the ski resort with ski equipment. Separate tickets have to be purchased if both parents want to ski in the resort together.

People with physical disabilities

Physically disabled people with an official disability ID are entitled to the following special rates: for up to 60% disability, a 15% discount applies, and from 70% disability, a 30% discount applies. The necessary, registered accompanying persons are entitled to the same discount as the disabled person. There are no concessions for attractions, evening events, highlights or in the mountain restaurants.

Advance ticket sales

These can be bought the day before at the main ticket offices in the valley terminals. Tickets can be used as of 3pm.

Overlapping periods

In case of overlapping season periods, a blended price is automatically calculated.

Extensions

Ski passes with a validity of 6 days and over can be extended without interruption once at a special rate, upon presentation of your Guest Card.

Refunds

Refunds are available in the case of Ski accidents/illnesses which have been confirmed with a doctor's note and with immediate surrender of the ski pass at the cable car ticket offices. Days of use are the days which have elapsed between the date of issue and date of surrender of the ski pass at the ticket office. If the ski pass is surrendered by 9.30am, this day will not be counted. What counts is the date the ski pass is surrendered, not the date of the accident. A medical note from a local doctor or a hospital is absolutely necessary and can be submitted at a later time. Bad weather, the risk of avalanches, unforeseen departure, epidemic or pandemic events, guest quarantine, restriction or interruption of operations, closure of ski runs and individual facilities, etc. do not entitle the guest to a refund or extension. Please check the current service and weather conditions before you buy your ski pass. At the beginning and end of the season, owing to circumstances, there may be restrictions to the pistes and facilities available.

Loss of tickets and ski passes

Lost tickets (single tickets and non-skier tickets) and ski passes valid up to 2 days will not be replaced. If the KeyCard is lost, ski passes from 3 days of validity stored on this data storage medium can be locked against further use upon presentation of the locking-number voucher (you will receive this when purchasing the ski pass). A replacement pass will be issued for the remaining period subject to payment of a € 10.00 blocking fee. The value of the lost KeyCard will not be replaced.

Guest Card

Holders of a valid Guest Card from Serfaus, Fiss or Ladis receive a discount of up to 9% off the standard price for "Serfaus-Fiss-Ladis" ski passes. Available from your accommodation provider, the Guest Card must be presented when you buy your ski pass or you will have to pay the standard price. Refunds are not permitted at a later stage. Unfortunately, we are unable to grant Guest Card discounts off regional ski passes – Ski-6 – for billing reasons.

Inspections and fraudulent use

Admission checks are carried out at the cable car bottom stations using automatic scanners. Please follow the instructions of the staff and use the ticket inspection machines properly. On-the-spot inspections take place in the ski resort. Therefore, you should always carry your ski pass with

you. Any incident of fraudulent use or by passing of the scanners shall result in immediate confiscation of the ski pass. We reserve the right to report the offence to the police. Anyone caught in the inspection zones without a valid ski pass shall be required to pay a fine set at twice the allday ticket rate. A receipt showing that the fine has been paid can be used as a ski pass on the same day. Please note that under the Austrian cable cars liability act, only customers with a valid ski pass are covered for insurance purposes. Do not buy any ski passes from unauthorised vendors – such ski passes may be blocked! Furthermore, you are committing an offence by doing so!
